

You can help your child prevent cavities! Here's how:

- Get regular dental check-ups, starting at age 1.
 Ask about dental sealants that prevent tooth decay.
- Brush twice a day for 2 minutes using fluoride toothpaste.
- · Limit foods and drinks with sugar.

Your child could be eligible for dental care through Medicaid and CHIP. Services include teeth cleanings, check-ups, x-rays, fluoride, dental sealants and fillings.

To enroll or find a dentist, call **1-877-KIDS-NOW** or visit **InsureKidsNow.gov**.
